

# Dreaming of Streaming

## Why Stream?

- ▶ You choose your programming
- ▶ You choose your budget
- ▶ No long-term contracts
- ▶ Personal profiles
- ▶ Take your streaming with you

Streaming allows you to choose your programming and watch shows on your time and budget, without a long-term contract.

Your user profile lets you save your favorite shows, continue where you left off, and get personal suggestions. Finally, you can take your streaming account with you and watch on any Internet connection.

## What Do I Need?

Reliable high-speed Internet connection - go to [vibrantbroadband.com/whatsmyspeed](http://vibrantbroadband.com/whatsmyspeed) to check your connection speed

Updated Wi-Fi router

TV with HDMI port

Streaming device with dual-band wireless

Email address

Credit card

## Bandwidth Requirements

- ▶ HD (720p or 1080p) Streaming ..... 8-10Mbps
- ▶ Live HD Streaming.....15-20Mbps
- ▶ 4K (2160p) Streaming.....24Mbps
- ▶ Security Video ..... 2-9Mbps
- ▶ Social Media/Web Browsing ..... 3-5Mbps
- ▶ Checking Email..... 1Mbps

If you have more than one television, game online, or have several people using the Internet at your home while you are streaming, we recommend 50Mbps or more download.

## Streaming Device Options

Roku Streaming Stick 4K+ is a great choice. We don't recommend the Roku Express. (Roku.com)

Amazon FireTV Stick 4K Max is a great choice. The standard FireTV Stick is good if you don't plan on streaming 4K. (Amazon.com)

Chromecast with Google TV is a great choice if you are into the Google Play platform. (TV.google)

Apple TV is a high-end player for those who are in the Apple platform. (Apple.com)

DirecTV Stream Gemini Air offers a more traditional remote control and channel guide. (DirecTV.com)
